

## Letter From An Old Friend.

Eastern capital, represented by Urban C. Brewer, of Pennsylvania, has purchased 800 acres of limestone land in Meade county, fronting two miles on the Ohio river, and will erect a big cement plant, which will be equal in capacity to those now operating in the vicinity of Louisville, and which will make this city one of the great world markets. Charles F. Hill, of Louisville, was at the other end of the deal, which was consummated yesterday.

It is understood that a company having at its disposal from \$500,000 to \$1,000,000 capital, will be organized to exploit the land, and that a plant will be put in operation within six or eight months. The numerous analysis made of the cement rock by Mr. Brewer, who has inspected the land in question, has convinced him that it is equal to the best now in use.

Owing to the fact that the land has a river frontage of considerable length, and is high above the river front, it will not only give the plant access by water to big markets, but will enable the rock to be reduced and the cement manufactured at smaller cost than usual. This will be accomplished by conveying the rock through the various processes by gravity.—Louisville Herald.

## The Ideal Family Laxative

is one that can be used by the entire family, young and old, weak and strong, without any danger of harmful effects. It should have properties which insure the same dose, always having the same effect, otherwise the quantity will have to be increased and finally lose its effect altogether. These properties can be found in that old family remedy, Brandreth's Pills, because its ingredients are of the purest herbal extracts, and every pill is kept for three years before being sold, which allows them to mellow. We do not believe there is a laxative on the market that is so carefully made.

Brandreth's Pills are the same fine laxative tonic pill your grandparents used. They have been in use for over a century, and are sold in every drug and medicine store either plain or sugared.

## The Next Congress.

According to the clerks of the House of Representatives who are supposed to keep close track of the political complexion of the House, the Republicans will have fifty-two majority in the lower branch of the next Congress, the Republicans having 192 and the Democrats 165. Two vacancies now exist through the death of Representative Ketcham and Hoar. In all probability Republican successors will be elected. The count does not include the new State of Oklahoma, where at least four out of five Representatives will be Democrats, hence the statement issued by the Democratic Committee is approximately correct. One hundred and three Representatives who served in the present Congress will not be members of the next.

With the exception of Teller, of Colorado, and Newlands, of Nevada, the Senators of every Northern State will be Republican in the next Congress. But then there is coming Oklahoma, the youngest sister, with two prospective Democratic United States Senators. By the same token there is not a Republican Senator from any of the South except little Delaware, whose Republican votes, being largely black, are alternately purchased in the interest of Addicks or the DuPonts. There is neither a Republican Senator Republican party in all the States of the South, while in every Republican State of the North there is a vigorous Democratic opposition, which, upon any political reverse, may be converted into a majority.

## MRS. SARAH J. WINDROM

Mrs. Sarah J. Windrom of Chicago, cousin of Zachary Taylor, twelfth president of the United States, and grandniece of Alexander Hamilton, who signed the Declaration of Independence, says:

"Vinol is a Godsend to old people. I am 76 years old, but have a hearty appetite, sleep soundly, and feel active and well today, thanks to Vinol. When I was young cod liver oil was dispensed in a greasy, unpalatable form, and it fairly gagged me to get it down. Vinol is entirely different, very palatable and nourishing to impoverished blood. It is the finest tonic and strength creator I ever used in my life."

Vinol is a real cod liver preparation, from which the useless oil has been eliminated and tonic iron added. Try Vinol on our guarantee.

## LIVES LOST.

## Storm Sweeps Points in Mississippi. Property Loss Heavy.

Memphis, Tenn., Nov. 19.—Eight persons are known to have lost their lives, scores of others were hurt and property and crops suffered great damage as a result of one of the most torrential-like wind and rain storms ever experienced in this section. The storm, which originated on the gulf, swept northeastward through portions of Alabama, central and northern Mississippi and western Tennessee, and in its northward course razed scores of substantial buildings, partially demolished hundreds of others, caused a complete demoralization of railroad traffic and cut off telegraphic communication with many points in the affected territory.

Cotton in the fields blown down by the wind was beaten into the ground and if not totally, badly damaged. Besides the loss of life and property damage, which is known to have occurred, a number of points directly in the pathway of the storm cannot be communicated with and when complete returns have been received it is feared that the loss to life and property will be greatly increased.

## Fatal Fire.

New York, Nov. 22.—When fire broke out in a 6-story factory building on Seventy-fifth street, occupied as a shirtwaist factory, many of the 300 women and girl employees jumped from the windows. Two were killed. Many other employees were injured. Mary Buffa, 20, jumped from a window with her clothing afire and was killed. Charles Buffa, 34, was badly burned and jumped from a window. He will die. The fire was quickly extinguished. J. Mislik, proprietor of a collar button factory on the third floor of the building, is missing.

Office of Governor Abolished. Washington, Nov. 20.—An order signed on the isthmus of Panama by President Roosevelt making radical changes in the organization of affairs of government for the canal zone was made public at the office of the commission. The effect of the order is to place the canal work and the government of the zone under the direction of Chairman Shontz, aided by chiefs of bureaus, who will report directly to the commission, thus eliminating the office of governor. The order gives Shontz supreme authority over all departments.

## Town Was Dry.

Columbus, O., Nov. 19.—Columbus was a dry city Sunday, as the saloons were kept closed, the orders of Mayor Badger being rigidly observed by both the saloonmen and the police force, with but few exceptions. There were only half a dozen arrests. Mayor Badger said the order to close saloons was not issued because of strike conditions here, but because the law says the saloons shall be closed on Sunday. He added the order was to stand during the balance of his term as mayor.

## Blizzard in Colorado.

Trinidad, Colo., Nov. 19.—The worst blizzard experienced here in a decade is now raging. The storm gradually grew in severity until it assumed the proportions of a blizzard, increasing in severity each hour. The Colorado & Southern railroad reports the storm extending into the panhandle of Texas. In northern New Mexico the blizzard is the worst. Heavy loss in sheep and cattle in New Mexico territory and this section of Colorado are almost certain to occur.

## Hotel Blown Up.

Grand Forks, N. D., Nov. 21.—At Niagara, a railway village, seven miles up the north fork of the Kettle river, unknown persons wrecked the Canadian hotel with dynamite. The explosion killed Louise King, 18, and an unknown Italian, and injured nine other persons. Three boxes of dynamite were used. The explosive was stolen from the storehouse of a contractor named Tierney.

## O'Brien, Oil Man, Dead.

Independence, Kas., Nov. 19.—John O'Brien of Lima, O., general manager of the Oil Oil company, and one of the prominent Standard Oil company agents of the state, died in Nowata, I. T., of heart failure. He had been in the Indian Territory looking after his personal oil interests and was staying for the night at Nowata.

## Loggers Drowned.

Barbourville, Ky., Nov. 22.—Telephone reports from Bell county state that three loggers were drowned while endeavoring to prevent a break in a log boom in the Cumberland river, north of Wasioto. Their names have not been learned. The loss caused by the breaking boom will aggregate \$50,000.

## Hearst's Campaign Expenses.

Albany, N. Y., Nov. 17.—William Randolph Hearst, Independent and Democratic candidate for governor, certified to the secretary of state that he had spent \$256,370 in promoting his canvass, divided as follows: Independence league \$198,870, Democratic state committee \$57,000, traveling expenses \$500.

## Wanted in Ohio.

Kansas City, Mo., Nov. 19.—Harry Wise, alias Lake, wanted in Columbus, O., Washington, D. C., and New York for robbery and burglary, is under arrest in this city. Wise will be surrendered to the officers of Columbus.

## Premature Explosion.

Wellston, O., Nov. 19.—Grant McClung and James Stitz were probably fatally injured and Thomas Evans severely hurt by the premature explosion of a blast in Superior Mine No. 8 near this city.

## FIFTY VICTIMS.

## Number of Dead as Result of Collision in Seattle Harbor.

Seattle, Wash., Nov. 20.—When the little steamer Dix was run down in this harbor by the Alaskan liner Jeanie, Sunday night, 50 persons perished. Thirty-seven of the 79 passengers on the Dix were rescued. Of the five female passengers on the Dix the only one to escape was Alice Simpson, a 15-year-old girl. She is believed to be the only person who escaped from the main deck of the steamer, where more than half of the deck's passengers were huddled together when the crash came.

The Jeanie was backing when she collided with the Dix and the impact was very slight. The Dix was struck aback of amidships. She listed heavily a brief period, righted herself and then sank stern first in 100 fathoms of water. There was hardly time to launch life rafts or boats before she was almost entirely submerged. Passengers jumped from the decks into the water, women screamed and officers and men called orders that could hardly be heard above the din. Passengers from the Dix who could swim made their way to the sides of the Jeanie and were dragged aboard. The Jeanie was not moved until after all who had time to reach her were hauled aboard, then she cruised about picking up several who managed to stay above water. Dennison, the mate, who was at the wheel when the collision occurred and who is blamed for the disaster, is among the 41 who were lost.

## LIVES LOST.

## Steamer Kaiser Wilhelm der Grosse Damaged in Collision.

Cherbourg, Nov. 22.—A dispatch received here reports that the North German Lloyd steamer Kaiser Wilhelm der Grosse, which left Southampton and Cherbourg for New York, has been in collision with the Royal mail steamer Orinoco. Both vessels were severely damaged. It is declared that four members of the crew of the Kaiser Wilhelm were killed, while 12 were injured. Five members of the crew of the Orinoco are missing and supposed to have been drowned. The Orinoco left Southampton for West Indian ports and New York.

## Accused of Blackmail.

Fremont, O., Nov. 19.—Charged with blackmailing George Lang, a wealthy farmer, indictments were returned by the grand jury against W. W. and A. N. Campbell of Toledo; L. J. Turley, Gibsonburg; G. C. Shaeffer, Rising Sun, and A. Skranewsky, Tiffin. The indictments say they prepared and presented to Lang a fraudulent petition charging alienation of the affections of the wife of a man who is named in the indictment and extorted money from Lang.

## Promoter Indicted.

Indianapolis, Ind., Nov. 23.—Phyllander H. Fitzgerald, an Indianapolis capitalist, was indicted on two counts by the federal grand jury on the charge of using the United States mails to defraud in connection with the "1904 Colony company," which he promoted in southern Georgia. He gave bond in the sum of \$4,000 for his appearance in court Tuesday.

## United Mine Workers Officials.

Indianapolis, Nov. 20.—Nominations have closed for the election of officers by the United Mine Workers of America. John Mitchell for president, T. L. Lewis for vice president and W. B. Wilson for secretary-treasurer have no opposition. The annual convention will be held at Indianapolis Jan. 15.

## Denied by Carnegie.

New York, Nov. 21.—The report that Andrew Carnegie promised \$1,000,000 to Congressman Richard Bartholdt of Missouri to promote the cause of international arbitration, was denied at the Carnegie residence in this city. Carnegie sent word that there is no basis for the story.

## THE MARKETS.

CHICAGO.—Cattle: Common to prime steers, \$4 60@7 00; cows, \$2 65@4 75; heifers, \$2 00@5 00; bulls, \$2 40@4 50; stockers and feeders, \$2 40@4 50. ## The Golden Rule of Three.

## [Leadership.]

Three things to be—pure, just and honest.  
Three things to govern—temper, tongue and conduct.  
Three things to live—courage, affection and gentleness.  
Three things to love—the wise, the virtuous and the innocent.  
Three things to commend—thrift, industry and promptness.  
Three things about which to think—life, death and eternity.  
Three things to despise—cruelty, arrogance and ingratitude.  
Three things to admire—dignity, gracefulness and intellectual power.  
Three things to cherish—the true, the beautiful and the good.  
Three things for which to wish—health, friends and contentment.  
Three things for which to fight—honor, home and country.  
Three things to attain—goodness of heart, integrity of purpose and cheerfulness of disposition.  
Three things to give—alms to the needy, comfort to the sad and appreciation to the worthy.  
Three things to desire—the blessing of God, an approving conscience, and the fellowship of the good.  
Three things for which to work—a trained mind, a skilled hand and a regulated heart.

## Success and Failure.

In business it is necessary to have a policy, a principle to adhere to. The successful merchant is truthful with his customers. He makes no misrepresentations and attempts to make a legitimate profit. He advertises and thereby presents his claim for patronage. He adheres to his own business, adds his tongue and money to the progress of public improvements and does his part in every respect for the city's good. He speaks well of his neighbor and assists in the up-building of his city.

The unsuccessful man never looks farther than his nose, is constantly suspicious of his neighbor, never joins in the enterprises for the public good, upbraids the progressive, does not advertise, and does not present his claims to the public because he has none to present. He is pessimistic, and deals in innuendoes. He tries to awaken the prejudices of his neighbors, and is sour on everything. He doesn't succeed and the city can part with his company. He is discredited and is only a question of time when he will part with his money, if he has any, and his influence, as people generally follow success, not failures.—Paducah News Democrat.

To protect the little ones and for the information and satisfaction of mothers the contents of each bottle of that wonderful children's remedy, GASCASWEET, have been placed on every label. GASCASWEET is a harmless compound of vegetable extracts that is wonderful in its beneficial effects on the stomachs of babies and children. Recommended and sold by All Druggists.

## Hon. Ben Johnson in Runaway

Congressman Ben Johnson made a narrow escape from an unmanageable horse. He started Monday morning from his home at Bardstown for Elizabethtown to attend the funeral of D. P. May. When about Boston his horse became frightened and he was thrown from his buggy. He received injuries to his wrist which will prevent him from using his hand for several days and suffered so much pain that he was unable to proceed on his journey, but was forced to return to Bardstown. Mr. Johnson made a very narrow escape with his life.

## Weak Women

To weak and ailing women, there is at least one way to help. But with that way, two treatments, must be combined. One is local, one is constitutional, but both are important, both essential.

Dr. Shoop's Night Cure is the Local.  
Dr. Shoop's Restorative, the Constitutional.  
The former—Dr. Shoop's Night Cure—is a topical mucous membrane suppository remedy, while Dr. Shoop's Restorative is wholly an internal treatment. The Restorative reaches throughout the entire system, seeking the repair of all nerve, all tissue, and all blood ailments.

The "Night Cure", as its name implies, does its work while you sleep. It soothes sore and inflamed mucous surfaces, heals local weaknesses and discharges, while the Restorative, eases nervous excitement, gives renewed vigor and ambition, builds up wasted tissues, bringing about renewed strength, vigor, and energy. Take Dr. Shoop's Restorative—Tablets or Liquid—as a general tonic to the system. For positive local help, use as well

## "Seeing the Southwest" EXCURSIONS

Doubtless you have heard of the Bumper Crops which have been raised this year in Arkansas, Louisiana, Oklahoma, Indian Territory, Texas and New Mexico. Have you compared them with results obtained in your section? Is your work where you are, bringing you adequate returns for the capital invested and the labor expended? If not, a change would be beneficial perhaps. A visit to the Southwest will open your eyes. Out in Oklahoma the last big land opening is soon to take place; farms are still very cheap in Western Arkansas, Northern Louisiana and the Gulf Coast of Texas. Let us give you full information about these sections. You will want to see them after you have examined our illustrated literature.

VERY LOW RATES, ONE WAY AND ROUND TRIP to Southwestern points the First and Third Tuesdays of each month.
